

Tuberculin Test Given To Students

Made Free of Charge by the
Nebraska Tuberculosis Ass'n.
and County Relief Ass'n.

MUST HAVE PERMIT

At 9 a. m. on November 13th, the Nebraska Tuberculosis Association, with the assistance of the Douglas County Relief Association, will make it possible for the students of this University to receive free of charge the tuberculin skin test. This test will be given in the gymnasium, and pupils will be excused from class long enough to take it. No test will be given after 10 o'clock. Pupils who have not received permit for test may secure it from Dr. W. H. Thompson.

The Tuberculin Test

As a child grows up and his contacts with other persons increase, he is likely, sooner or later, to get tuberculosis germs into his body. Usually no harm is done because the number of germs is so small that the body

(Continued on Page 3)

Third Annual Tea For Girls Sunday

The Municipal University of Omaha Woman's club will give its third annual tea honoring all university girls, on Sunday, November 11, at the Omaha Woman's club, 206 South 32nd Ave. It will be held from 3 to 5 o'clock.

The program will consist of: Vocal solo, by Miss Margaret Fry; reading, by Miss Myrna George; whistling selections, by Miss Gail Hamill; and numbers from the orchestra under the direction of Mr. Henry Cox.

Mrs. Rene E. H. Stevens is the chairman in charge of arrangements for the tea. Other committee members are: Mrs. Irwin A. Hammer, decorations; Mrs. E. M. Hosman, invitations and publicity; Mrs. L. O. Taylor, refreshments; Mrs. L. F. Johnson, dining room; Mrs. W. E. Sealock, receiving line; and Mrs. W. H. Thompson, door committee.

In the receiving line will be Mrs. Rene Stevens, Mrs. J. E. Bednar, Mrs. W. E. Sealock, Mrs. A. C. Trout, Mrs. Dana Van Dusen, Mrs. Alice R. Ware, Mrs. Pearl J. Simpson, Mrs. A. G. Pinkerton, Mrs. R. O. Schaefer, Mrs. Earl H. Schroer, and Miss Genevieve Clark. The program, which will begin at 3 o'clock, was arranged by Mrs. L. N. Garlough.

Mrs. Wm. L. Shearer, Mrs. Alvin E. Johnson, and Mrs. Wm. C. Ramsey will pour.

Nelson Chosen To Head Junior Class

William Nelson, Cardinal football player, was elected president of the junior class over Bennett Johnson at a special election held in the men's faculty building Wednesday. The election was under the supervision of the Student Council.

Nelson and Johnson tied at the regular election. This necessitated the run-off election Wednesday.

STUDENT COUNCIL TO SPONSOR OPEN FORUM

The student council is sponsoring an open forum meeting to be held during the assembly period on Friday, November 16. Important student problems will be brought up for discussion. Everyone should make it a point to attend and take part in the proceedings.

Grad is Pleased By Card Triumph

Writes to Sed Hartman After
Omaha's 27-0 Win Over the
Peru Eleven.

Dear Sed:

Congratulations! That whipping your boys gave the Peru Bobcats warmed the heart of this old grad. 27 to 0—Wow!

I really didn't know whether to see the game last Friday or not. What with the rain and the thought of previous homecomings. But having read about the prospects of a championship team, I just couldn't stay away.

When I got there, Sed, I was surprised to see such a large homecoming crowd. And the spirit they showed convinced me that they are really in back of the team. And that team! They're a swell looking bunch of kids. They looked in perfect condition and had plenty of zip and fire.

The things your boys did to those Bobcats in the first quarter compensated me for the beatings that we suffered from them in my four years at Omaha. Leo Pearey, that blond, plunging full-back, really tore their line to shreds. And that 65-yard run of Hoover's—Sed that was really worth the money itself. I thought he was tackled for sure about three or four times, but each time he managed to get away.

The alertness of all members of your team made possible that third touchdown in the second quarter, when Noel King, your watch-charm guard, recovered Story's fumble, and after a few plays Pearey took the ball over.

The rain, which really started at

(Continued on Page 4)

Journalism Students Visit Election Poll

Dr. West's extension class in journalism visited the election poll in Jacob's Hall Tuesday evening where the voting and registration procedures were explained to the group. Sample ballots were given to the students, and they were given the opportunity of getting the earliest possible returns from the poll.

The class adjourned early, so that a majority of the members were enabled to watch the election screen at the Nebraska Clothing Company.

In the city and state and national elections, the results were almost identical with the straw vote taken by the class two weeks ago.

Sigma Tau Delta to Meet

Sigma Tau Delta will meet Tuesday evening, promptly at 8:30, in the Women's Faculty building. An interesting, varied program has been planned. It will be based on a study of international literature.

Fast Ottawa Team Cards Foe Tonite

Kansans Boast Speedy Gang
of Veterans; Game Is Non-
Conference Battle.

AT LEAGUE PARK

Although pleased with the way his boys performed against the Peru Bobcats, Coach Sed Hartman warned them about the Ottawa, Kansas, team, whom they meet tonight at League Park.

The University of Ottawa grid-ders have not been so successful in their last two starts, losing to St. Benedict and also to Baker. This does not mean that they will be a set-up, for they are in a conference that is considered fast.

They will not average as heavy a line as did Peru, but they will be much faster, and a dry, fast field would prove very much to their liking. While the Ottawa team can start a veteran lineup, three first year varsity men have been getting the call over more experienced players and have been doing a good job in holding down the positions.

The Card grid-ders came through the Bobcat fray without injury and will be ready to make an impressive showing against the Ottawans. Hank Hummel, veteran guard, who has been on the injured list for the past two weeks, worked out in dummy scrimmages with the first team. It is still doubtful whether he will play against the Kansas team or will be kept on the sidelines in order that the injured leg might heal completely before the championship game with Chadron, November 23.

Returns From Research Work

Dr. Claude W. Stimson, economics department head, recently spent three days in Chicago doing research pertaining to his work, "Taxation of Tangible Personal Property," which is part of the volume, "Tax Systems of the World." Dr. Stimson also found time to make a last visit to the World's Fair.

Sylvia Gilbert Prefers America After 15 Years in Russia, France

Parlez-vous Français? Whether you do or not you should make the acquaintance of Miss Sylvia Gilbert, the girl with the charming French accent. We often have brown-eyed, vivacious girls from the South attending the University, but it isn't always that we have the same qualifications in a girl who is direct from gay "Paree," as is Miss Gilbert.

Sylvia was born in Russia and spent the first eight years of her life there. When she was eight years old the Gilbert family moved to Paris. France had originally been the home of her mother and father. The Gilberts remained in France until Sylvia was fifteen, when they left for America, or "Amerreeca," as Sylvia says.

Sylvia tells many interesting stories concerning the difficulty of getting out of Russia. There were many papers which had to be

WESTERN SETTING AT THE PHI DELT FROLIO

The Phi Delta Psi pledges will hold a regular all-western "round-up" dance this evening from 8:30 to 12, in the gymnasium. Two hundred bids have been issued.

Christine Nail, pledge president, who is in charge of all arrangements for the dance, has secured Frank Ormsby and his Chicago orchestra to play.

Bridge Benefit Wednesday Nite

W. A. A. Preparing to Send
Delegates to Convention at
University of Chicago.

A bridge benefit on the evening of November 14 will begin a series of events taking place from now until next spring in order to earn enough money to send delegates to the W. A. A. district convention to be held at the University of Chicago.

Representatives from each college of the central district will be present at the convention. There they exchange ideas, try to unify the programs for each college, set the purpose of all the athletic associations in order that the women in the respective colleges may become physically educated.

A year ago Omaha sent several delegates to Texas for the national Athletic Federation of College Women convention at the University of Texas and it is the hope that they may send a larger representation to the coming meeting.

The W. A. A. is sponsoring the sale of tickets, which are 25 cents each. Elinor Johnson and Ethel Jane Scanlon are in charge. Door prizes and table prizes will be given and light refreshments will be served.

W. A. A. HIKE

Several members of the W. A. A. took an eight-mile hike along the river last Tuesday with Mrs. Ruth Benson. An overnight hike to Camp Brewster is being planned for Saturday, November 17.

Dr. Daniel E. Jenkins was the first president of Omaha university. He served until 1926.

Festival Is Largest In Uni. History

Doris Coonley Reigns Over U.
Homecoming in Colorful In-
dian Garb.

CHOSEN AT BANQUET

Ruled over by Doris Coonley, their smiling brown-eyed Indian Princess, students, faculty and alumni of Omaha University celebrated last Thursday and Friday at the largest homecoming festival in the history of the school.

Never since the founding of the University in 1908 has such a complete and varied program been offered for the annual homecoming. Opening with a banquet and dance at the Elks' club, the celebration continued all day Friday with a grand finale at League park in the form of a 27 to 0 win over the Peru Bobcats. About 3,000 persons, the largest crowd of the season, watched the Cardinals perform.

The coronation of Miss Coonley as Omaha University's first Indian Princess climaxed the dinner dance

Kappa Psi Delta

The regular meeting of Kappa Psi Delta was held last Monday at the home of Elsa Kelly Norquist. The sorority, as a whole has decided to make a donation to the Community Chest.

Phi Delta Psi

Phi Delta Psi sorority had a meeting Monday, November 5, at the Blackstone hotel. Final arrangements were made for the pledge dance tonight.

Pi Omega Pi

Pi Omega Pi sorority met last Monday evening at the home of Minnette Myers, with Minnie Johnson and Maxine Steincamp assisting. After having waited until about 10 o'clock for Sue Kemper, the president, to arrive, the actives received a telegram from the pledges who had also not come as yet. The telegram stated that the pledges were not coming to the meeting and that they had kidnapped the active president and were holding her for ransom. The meeting went on, however, with the vice-president in charge.

The pledges were punished on Thursday by having to part their hair in the middle, grease it nicely, wear a rope around their neck, and carry a brick around all day.

Sigma Chi Omicron

Sigma Chi Omicron sorority held their regular meeting Monday, November 5, at the home of Fay Lane, with Ethel Jane Scanlon assisting. The actives made plans for a rummage sale to be held on November 24.

The pledges skipped meeting for the second time, but they sent the actives a large box of candy kisses wrapped with a blue and gold cellophane box, and a telegram saying, "Lots of love and oh so many, many kisses."

Alpha Sigma Lambda

The Alpha Sigma Lambda fraternity held its regular meeting last Monday evening at the Green Garden Tearoom. The pledges completed their plans for the pledge dance to be held December 14. The Colonial Club orchestra has been engaged for this dance.

Phi Sigma Phi

Phi Sigma Phi fraternity held their meeting Monday, November 5, at the home of Karl Wolf. They are planning an active alumnae smoker sometime in the near future.

Indian Ceremony

Interest Aroused

Redskin Tradition Plan Very Desirable for U

By MARTIN SPECKTER

This Indian tradition idea started as half-jest, half-serious, but recent developments lead one to believe that Omaha University will be Redskining before the next semester is out. It is rather an informal actually to create a set of traditions by cool, calculating steps such as are now under way, but the days of green ivy on chapel walls, and cracked bells on an old-fashioned wagon, are gone forever. And, somebody had to plant the ivy and guide its growth, and someone had to crack the bell. I suppose all traditions were manufactured to begin with, and it is time and old age that gives them the splendor of memory and reverence. Omaha University could not have selected a better theme for its traditions than the Omaha Indians. This has been pointed out by several people who are taking a personal interest in the new move, and who are authorities upon the subject.

The choice is excellent because it is colorful, because every rite is of historical significance and because it is so appropriate for Omaha University. The Omaha tribe settled this part of the country. On the identical sites of their camps have sprung up several important Nebraska cities, Omaha in particular. As a municipal university, it is indeed fitting that we should turn into Redskins.

This business of tradition—manufacturing, strangely enough, must be conducted along business lines if success is desired. In the first place, the rites must be catalogued according to classification, purpose, and time. For example, there must be a special ceremony attendant to football games. The cheering can be made Indian. A victory can be made the subject of a ceremony at the end of the game. Between halves there is an excellent opportunity for a ceremony on the field. The team, itself, through symbols on the uniforms, might assist in carrying out the Indian theme. Someone has even suggested that each member of the squad shave his head, all except the scalp lock, and this isn't a bad idea—if the team is willing.

Then there is the classification of students according to years in school. That system of calling the freshmen woodpeckers, sophomores canaries, etc., doesn't sound so virile right now, but as I said, give it time, and a sparrow will attain the manly characteristics of a hawk.

During the process of creation, which will probably take more than seven days, every group on the campus should participate in garnering ideas and informative bits that would assist in the making of the whole. An English class is working on it. The Student Council is working on it. Everyone should take an interest in it.

Next week there will appear in the paper the second of a series of articles reporting recent developments, ideas of the various groups and the students. An attempt will be made to create an organization to assemble material systematically, and this will continue until we give the country back to the Indians—if they want it.

The Guild School of Art at 1815 Jackson street will hold a tea on Wednesday, November 14, from 4 to 6 o'clock to open the Bob Dinning art exhibit. All students of art are cordially invited to attend.

THE KEYHOLE

Imagine the Gammas having "The Hot And In My Pants" seductively to them Friday night. Steincamp gave the Master Pickett, the well known "air" after the Gamma... he seemed like a good guy too... I suppose it is on account of "Tiny" I wonder how Sue Kemper feels after being kidnapped by the pledges Monday night. If I would be quite embarrassing to say the least... Rogers is bragging about how he was asked to the dance tonight... Have you noticed how Thornton and Sunderman have been hitting it off together lately?... Challman and Schliffke seem to be getting along very well together... she asked him to the Phi Delta... he accepted, of course... Stoft seems to be making a little headway in the direction of Armstrong lately... Nana Nell Davis busted up to me Monday and was all a-thrill over Wade Knapp... she seems very interested and wanted to know all about him... she says she is tired of the old stuff around the campus... Tinkham made a big hit with the Birchwood crowd last week... at the expense of Knapp... Corson seems to be going for Dorsey in a big way... "Tiny" has completed arrangements with Betty Lou for the Theta... Deletta LaCount still thinks the Omaha fellows are not quite as good as her "steady"... I wonder who Lehr will be with tonight... Well, abycynia.

Registrar Checks Seniors

The Registrar's office is checking up on the number of credit hours of each senior. Those who do not have the amount required will be called to that office in the near future.

According to the ruling in the September, 1931, catalogue each student who expects to graduate must have 100 credit hours of a "C" grade or above or he cannot receive his Bachelor's degree.

Neva Carlson, ex '36, is now working for the Jewell Tea Company.

TUBERCULIN TEST

(Continued from Page 1)
 rights back and keeps them from doing damage. Occasionally the germs win and cause tuberculosis. In most cases tuberculosis begins very slowly in childhood and does not cause trouble until one is grown up. It is well to know if a person has the germs in his body so that precautions may be taken to prevent serious trouble in later life.

How can one know that tuberculosis germs are in the body? The tuberculin test gives the answer. This test was first used by Dr. Robert Koch, the discoverer of the germ of tuberculosis. It has been used for 40 years. It is known to be harmless. The test is approved by the White House Conference on Child Health and Protection, and by the Omaha Douglas County Medical Society.

The test is made by injecting a

drop of liquid called tuberculin within the upper surface layer of the skin. This is harmless. If the spot becomes red and slightly swollen within 2 or 3 days, it means that tuberculosis germs are somewhere in the body. The small red reaction area disappears and leaves no scar or other effects. If the tuberculin test is positive (red and swollen) it means only that living tuberculosis germs are in the body. It does not tell how many there are or if any damage has been done. It should not cause worry to parents.

If the test is positive the person's chest should be X-rayed, to be sure that no harm is being done in the lungs. If the X-ray, following the tuberculin test, shows any damage, a careful examination should be made of every member of the household to find if the person is being exposed to an open case of tuberculosis.

UNIVERSITY FESTIVAL

IS LARGEST IN HISTORY

(Continued from page 1)
 Thursday night, Miss Conoley, a senior representing the Sigma Chi Omicron sorority, was chosen by vote of the guests of the banquet from a field of seven candidates representing campus organizations. The Princess was presented in Indian head-dress and blanket at the dance following the banquet.

Speakers at the banquet were Dr. W. E. Sealock, Dr. Edgar A. Holt, Dr. W. H. Thompson, Ernie Adams, and Mrs. Frank Bednar and W. T. Graham, members of the board of regents. Alvin Johnson, also a regent, was introduced. Class representatives who spoke were Randolph Claassen,

senior; Minnette Myers, junior; Cassin Rogers, sophomore, and Macy Baum, freshman.

Again attired in her colorful Indian regalia, Princess Doris was introduced to the student body at a mass assembly in the gym Friday morning. After she had led the procession of football players, Coaches Leon Fouts and Sed Hartman spoke briefly.

A half-mile long parade, led by the band in red uniforms which someone had discovered in the basement, and including a gayly decorated Gateway float and several cars bedecked with cardinal and black streamers, traveled

through the downtown section of the city Friday afternoon. Friday evening a pre-game bonfire rally was held at the athletic field. After the game, the team was escorted to the arena for the game. The band, students formed an other parade to escort the team to League park.

PLAN TO ATTEND GAME

Mr. and Mrs. Leslie Johnson plan to attend the Nebraska-Fallburg game in Lincoln Saturday.
